

## **Employment Opportunity – Partner Engagement Consultant**

Health Net of West Michigan (HNWM) has a full-time opening for a Partner Engagement Consultant. This position is responsible for supporting and engaging Health Net screening sites and referral partners. Key responsibilities include establishing good working relationships with clinical sites, creating and monitoring clinical site profiles; analyzing and distributing screening site data reports; evaluating the screening process and quality improvement efforts; maintaining all site materials and supplies; interacting with senior internal and/or external personnel on significant matters; and supporting the mission, vision, values and key strategies of Health Net of West Michigan (HNWM) and the organizations with which it interfaces. This position will work as a member of an interdisciplinary program operations team, supporting Health Net's efforts to assist individuals/families address Health Related Social Needs (HRSN), and to achieve health equity. Those in this position will support the mission, vision, values, and key strategies of Health Net.

### **Minimum Requirement:**

- Bachelor's degree in health, human services, or related field preferred or equivalent experience working within hospital/clinical settings.
- Familiarity and comfort with working in a hospital setting and with clinical professionals.
- Experience and confidence in facilitation of large groups and/or trainings.
- Ability to problem solve and creatively offer best practice solutions to complex issues.
- Strong analytical ability necessary with a focus on quality improvement practices.
- Highly adaptable with the ability to productively navigate ambiguous situations while maintaining a positive and collaborative outlook.
- Strategic vision and the ability to see the interconnectivity of opportunities and responsibilities.
- Strong relationship building and public speaking skills.
- Self-directed and able to manage responsibility and tasks independently.
- Experience in collective impact work, or fields relevant to assigned responsibilities.
- Project management experience and ability to multitask and navigate the field effectively both within updated technological systems and community development models.
- Proficient computer skills in Microsoft Office computer applications.
- Ability to work under multiple deadlines, producing exceptional results.
- Evidence of strong written and verbal communications skills.
- Successful experience working as part of a multidisciplinary team and working effectively with persons from diverse cultural, social and ethnic backgrounds.
- Evidence of effective work beyond areas of relevant field of practice and technical skills in one or more core programming areas (family income and assets; community assets; food, health and wellbeing; education and learning; civic and philanthropic engagement; racial equity) that support the mission of the Health Net of West Michigan.
